## Sixtieth Annual Report of the Board of Management

---

Sixty years ago to the day on which this Report is presented to the Governors, a building was opened at Newtown to serve as an Infirmary for the County of Montgomery. The accommodation for patients consisted of eight beds. In his dedicatory speech at the opening ceremony, the then Rector of Newtown foretold that it would prove an active and generous distributor of blessings to future ages and of help to the afflicted children of humanity. He added that the festival of St. David's would always be acknowledged in connection with the opening of the Infirmary, which was celebrated in the year 1868.

To-day, on St. David's Day, 1928, in its more suitable premises which were opened in 1911, the County Infirmary has an available accommodation for 45 in-patients, including its children's wards, which have proved of immense service. In addition, its Out-patient Department, Eye, Ear and Throat Department, and its Electrical Massage and X-ray Department are serving present-day requirements.

The Board of Management are privileged to present their Report to the Governors on this historic occasion, and to record their transactions during the year ended 31st December, 1927.

Since its opening, no less than 7,032 In-patients and 17,214 Out-patients have been received at the County Infirmary. Practically every parish in Montgomeryshire has sent some of its sufferers to partake of the benefits which the institution has afforded, while many from adjoining counties have been admitted from time to time.

IN-PATIENTS.—During 1927 the in-patients admitted numbered 353, as against 279 in 1926. Of these 38 were accident cases, 5 were War pensioners, and 115 were school children who were operated upon for the removal of tonsils and adenoids. In addition to the last mentioned, 54 surgical operations were performed. The average number of patients resident daily throughout the year was 26.3, as against 24.5 in the previous year. The average number of days each patient was resident was 24.5, as against 32.9 in 1926.

Each in-patient cost on the average £7 1s 10d, the marked decrease of £1 12s 5 $\frac{1}{4}$ d, as compared with the previous year being due to their comparatively much shorter stay in hospital. It is remarkable, however, that the average cost of each in-patient per week, which works out at £1 17s 1 $\frac{1}{2}$ d, was within 1d of the average in 1926.

OUT-PATIENTS.—There was an increase of 94 in the number of new patients upon the previous year, the number admitted being 661. These consisted of 99 Surgical and Medical cases, 90 Electrical Massage and X-ray cases, and 472 Eye, Ear and Throat cases.

The attendances of Out-patients correspondingly increased from 2,856 to 3,651.

The average total cost of each out-patient was 19s 3d, as against £1 1s 5d in 1926, and the average cost of each out-patient attendance was 3s 6d, as against 4s 3d.

FUNDS.—Although the total ordinary expenditure rose from £2,976 16s in 1926 to £3,174 15s 11d, it is with sincere satisfaction that the Board are able to state that the total ordinary income amounted to £3,326 9s 4d, this being an increase of £703 11s 3d upon the income of the previous year. The Board are consequently gratified to find that the appeal contained in their last annual report has been

effective, and they gratefully acknowledge the additional efforts which have been put forward to provide necessary funds. The increases in income over the previous year are as follows:—Annual Subscriptions, £18 19s 6d; Donations, £25; Box Collections and Workers' Contributions, £47 13 10d; Congregational Collections, £21 15s 4d; Entertainments, £334 18s 4d; Contributions on account of Services to Patients, £237 15 9d; Investment Income, £15 2s 6d; and Sundry Receipts, £2 6s. Details of the income under each heading will be given in the published Report, but the Board would particularly mention the following much appreciated donations:—Employees of the Great Western Railway (including Company's donation), £76 2s 8d; Employees of Messrs Pryce Jones, Ltd., £40; Employees of Messrs Jones, Evans and Co., Ltd., £29; Kerry Summer Festival Committee, £15; The Family of the late Mr Edward Elwell, £10.

Again the Board wish to record the great assistance given to the funds through entertainments and competitions promoted in aid of the County Infirmary, the proceeds of which amounted to £837 2s. These included the Infirmary Whist Championship, 1926-27, £330 1s 5d; the Cardiff City Football Match, £328 4s 7d; the Infirmary Ball (which has been successfully resuscitated), £100 1s 6d; the performance by the Llanidloes Dramatic Society, £40 4s; the Infirmary Football Cup Competition, £22 8s 10d; and the Newtown Bowling Competition, £14 13s 9d.

Although the excess of total income over total expenditure (in the latter of which is included an item of £22 9s 3d for laying out a tennis lawn for the Nursing Staff), amounted to £128 3s 2d, it was not sufficient to wipe out the deficit remaining from previous years on the Revenue Account of the Institution. This deficit now stands at £140 16s 2d.

MOTOR ACCIDENTS.—During the year several casualty cases have been admitted to hospital as the result of motor accidents, and, unfortunately, from year to year the number is increasing. In many instances the patients are not in a position to recompense the Infirmary for the cost of their maintenance, and the Institution has to bear the expense even though the patients come from a distance and are not supporters of its funds. In this connection it may be pointed out that it is now possible at a premium of a few shillings for the public to effect an insurance policy under which a hospital is compensated for the maintenance of any patients who are admitted thereto as the result of an accident incurred in a motor car or cycle whereby the insured is travelling or as the result of an accident incurred by such a vehicle.

APPEALS FUND.—A contribution of £10 to the Appeals Fund was received from the Llandinam Band, in addition to £28 12s contributed by grateful patients. After providing for grants towards prizes, etc., for competitions promoted in aid of the Infirmary, the balance of the fund at the end of the year was £1 6s 5d.

ENDOWMENT FUND.—During the year the Endowment Fund was increased by a donation of £100 from Mrs W. S. O'Brien, a native of Newtown and resident in the United States. The invested endowments now stand at £7,657 10s.

GIFTS.—Numerous gifts in kind have been received during the year for the benefit and comfort of the patients, amongst the most valuable being a complete Wireless Installation from Mr J. Dix Marshall.

MATERNITY WARDS.—The Board look forward with confidence to the long deferred realization of their ambition to establish Maternity Wards, which will no doubt now be rendered possible through the efforts made during the past

year in connection with the Montgomeryshire Hospitals Appeal, of which their president was the promoter. The extension of the scope of the County Infirmary in this direction would be a fitting memorial of the Diamond Jubilee of the Institution.

THANKS.—To all who have rendered assistance to the institution either by their personal efforts or financially, the Board desire to express their sincere and grateful thanks, and particularly to the Hon. Medical Staff, the Matron and Nurses, for their zeal and devotion in the interest of the patients.

On behalf of the Board of Management,

ALFRED SHEARER, Chairman.

A. J. BIBB, Vice-Chairman.

W. D. CROFTS, Chairman of the  
Finance Committee.

WM. WATKINS, Chairman of the  
House Committee.

24th February, 1928.
